

CHEESESTEAKS & CHILI

Do you live or work in Cedar Rapids, Iowa? Do you need a change from the same boring bologna sandwiches for lunch? We are a new business in Cedar Rapids. We sold Philly cheesesteak sandwiches at the Downtown Farmers' Market in 2009 and 2010. We are now offering catering to local businesses over the lunch hour.

What is a cheesesteak? (See picture above.) It is a little bit of carnivore heaven--thinly sliced and seasoned steak and onions, grilled to perfection in garlic butter, on a tasty hoagie bun with melted Swiss-American cheese. We will come to your location and sell cheesesteaks directly to your employees at no additional cost to you.

Another option we offer for smaller companies is taking direct orders. You would notify your workforce that we will be there on a particular day. They would place their orders with you and you would collect the money from them and then notify me as to the number requested.

The cost for sandwich and chips is \$6.00. Additional toppings (green pepper, mushroom, jalapeno) are \$.50. We are more than happy to provide some samples upon request.
